MANAGEMENT DISCUSSION AND ANALYSIS REPORT**OVERALL REVIEW**

2015-16 proved to be yet another successful year for the Travel & Tourism sector, off the back of a modestly stronger economic environment. The United Nations World Tourism Organization (UNWTO) estimates that international tourist arrivals globally grew by 4.4% in 2015, reaching a record of 1,184 million from 1,138 million last year.

Results from the UNWTO Confidence Index remain largely positive for 2016, though at a slightly lower level as compared to the previous two years. Based on the current trend and this outlook, UNWTO projects international tourist arrivals to grow by 4% worldwide in 2017.

The long term outlook for the Indian hospitality business continues to be positive, both for the business as well as the leisure segments with the potential for economic growth, increases in disposable incomes and the burgeoning middle class.

In India, foreign tourist arrivals (FTAs) have grown steadily in the last three years reaching around 8.01 million in 2015-16.

FUTURE TRENDS

World Travel & Tourism estimates GDP growth at 3.5% is expected to exceed the overall GDP growth in over half of the 184 countries covered by the World Travel & Tourism Council (WTTC) annual economic impact research. South Asia is expected to experience the highest growth in coming financial year. In 2015-16 Travel & Tourism directly supported 107,833,000 jobs (3.6% of total employment). This is expected to rise by 1.9% in coming financial year and rise by 2.1% pa to 135,884,000 jobs.

The total contribution of Travel & Tourism to GDP in year 2015 was 6.3% of total GDP of India which is risen by 7.5% in 2016. In 2015 Travel & Tourism directly supported 23,454,500 jobs (5.5% of total employment). This is risen by 3.2% in 2016. Moreover, Travel & Tourism investment in 2015 was INR 2, 264.1bn, or 6.0% of total investment. It should rise by 4.8% in coming year.

The key drivers for international travel demand growth to India include the easier e-visa regime, Swachh Bharat Abhiyan, Make in India, Incredible India and other similar initiatives, which are expected to build a positive global image for the country and will have a long term

impact for the travel and tourism industry. WTTC predicts that the travel and tourism industry in India will grow by 7.9% in 2016-17.

The year 2015-16 witnessed a growth of 4.5 % in Foreign Tourist Arrivals (FTAs) in India; this growth is equivalent to the medium growth rate of 4.5 % witnessed in International Tourist Arrivals, globally. FTAs during 2015-16 were 80.27 lakh as compared to the FTAs of 76.79 lakh during 2014-15. The Foreign Exchange Earnings (FEEs) from tourism in rupee terms during 2015-16 were Rs.1,35,193 crore with a growth of 9.6 %.

For the fifth successive year, the growth of the Travel & Tourism sector in 2015-16 (2.8%) outpaced that of the global economy (2.3%) and a number of other major sectors such as manufacturing and retail. In total, Travel & Tourism generated US \$7.2 trillion (9.8% of global GDP) and supported 284 million jobs, equivalent to 1 in 11 jobs in the global economy. The outlook for Travel & Tourism in 2016 remains robust, despite economic fragilities and other sources of volatility in the wider market. The sector's GDP growth contribution is accelerated and again outpaces growth of the wider economy. Stronger growth in 2016 is underpinned by an improving global economy. The lowest oil prices in more than a decade will continue to boost demand through lower transport costs, whilst household finances and disposable income will benefit from reduced energy costs.

As per a report by ICRA, the domestic hotel industry is estimated to touch US\$ 1.8 billion by 2016-17, from US\$ 0.8 billion presently. The growth is expected to come from the rise in online bookings. Hotel bookings is one of the least penetrated segments in the travel categories in India. Online bookings account for 16% of the hotel bookings currently and is expected to grow to 25% in 2016-17. It is estimated that 8.4 million Indians are likely to book hotels online by December 2016, up from 3.5 million.

SECTOR OUTLOOK

The Indian tourism and hospitality industry is fast emerging as one of the key drivers of growth in the services sector in India. The government of India is laying great emphasis on the growth of tourism. This is in view of the fact that Indian Tourism Industry is a potential game changer. The advantage is that the industry is an employment generator for people with different skills, a significant source of foreign exchange

earnings and it promotes economic activities benefitting the local communities. The government has taken several steps to make India a global tourism hub.

The Government has allowed 100% foreign investments under the automatic route in the hospitality industry according to the Consolidated FDI Policy released by the Ministry of Commerce and Industry, Government of India.

The Government has constituted a Steering Committee with representatives of all sectors of tourism and hospitality industry for promotion of tourism in a sustainable manner. The Government has set up a Hospitality Development Board, with the main function of the Board being monitoring and facilitating the clearances/approvals of hotel projects at both - Central/ State government levels.

The tourism industry is also looking forward to the expansion of E-visa scheme which is expected to double the tourist inflow to India. Rating agency ICRA Ltd estimates the revenue growth of Indian hotel industry strengthening to 9-11% in 2015-16, which is the good sign for the Hotel Industry.

“ANNEXURE B” TO AUDITOR’S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Royale Manor Hotels and Industries Limited (“the Company”) as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
